

work in silence.

BORG

Haus

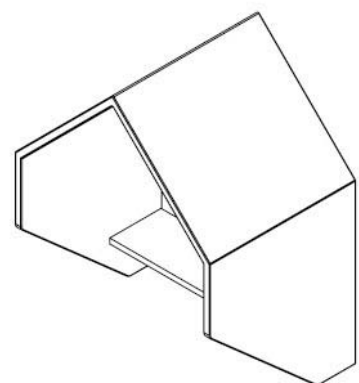

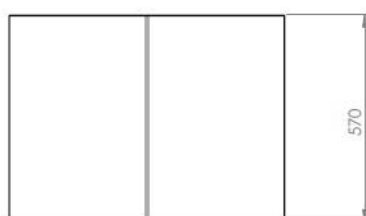

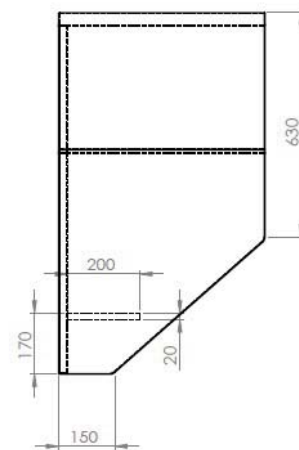

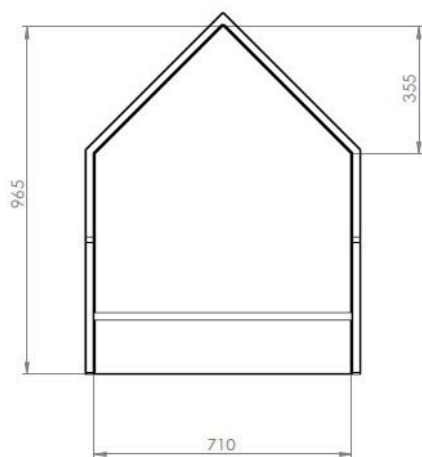

CONCEPT

DESIGN BY MARTIN SAAR

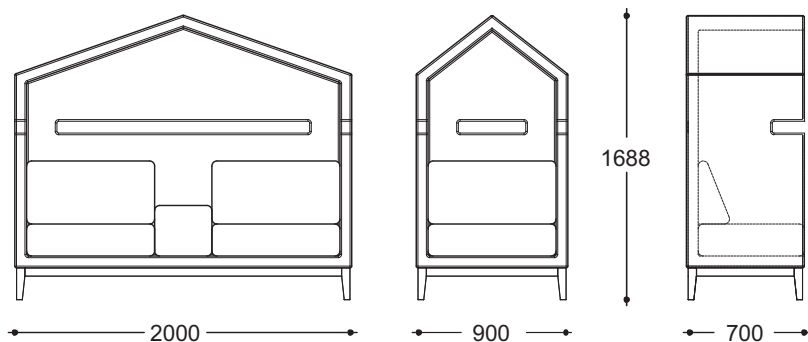

HAUS is your home at work. Sit in and relax whenever you need to take time off or have a private conversation with a friend. Its classic and closed form, inspired by traditional buildings, has great acoustic sound absorbing qualities yet it does not entirely cut one off the surroundings. Fits perfectly in public areas where large crowds or noise can be an issue.

Borg Haus Call - Wand Telefooncel

Haus

FRAME

Birch plywood and hardwood
with glued and screwed joints

FOAM

Seat: Recticel E50 public use
Inside, outside and back: Recticel E35
