WELCOME TO SILENTLAB

We're a young and dynamic company specializing in office acoustics. Based in Prague and founded in 2015, we've grown from a core team of three enthusiasts to nearly 80 professionals.

ACOUSTICS THAT WORKS

At SilentLab, we're dedicated to optimizing workspaces through acoustic perfection. Our proven expertise leads to increased productivity, enhanced morale, and greater team happiness.

SOUNDMASKING

Sound masking is a specially tuned ambient background sound that targets the same frequency as human speech, reducing its intelligibility. Face to face collaboration with fellow employees is not impacted, as conversations at a distance fade into the background and speech privacy is protected.
