OPTIONAL EQUIPMENT

Do you have an eye for design and refuse to settle for less than top quality? Our line of MICROOFFICE compatible accessories has been carefully designed for the discerning client. You can choose from a wide variety of furniture and leading-edge technologies to take your work environment to the next level.

AV TECHNOLOGY

Do you have a client or teammate on the other side of the world? We will equip your MICROOFFICE QUADRIO with state-of-the-art Cisco or Microsoft AV technology. Enjoy real-time collaboration with a videoconferencing experience that's nearly indistinguishable from a personal meeting.

AV TECHNOLOGY

MICROOFFICE has AV technology built in at the manufacturing stage. Absolute soundproofing and high-quality audio and video make the MICROOFFICE the ideal meeting space while retaining its clean design unlike anything else on the market.

The MICROOFFICE with built-in AV technology also includes a custom conference table that we supply. All the wires and cables from the built-in technology pass through the specially adapted hollow leg of the table to minimize visual clutter.
