Zermatt table

Zermatt

Table Screen

Zermatt is a desk screen that divides the landscape and gives it a dynamic feeling. The screen's embracing design creates a particular feeling of spaciousness for better focus. When multiple desk screens are put together, the result is an undulating landscape from a variety of individual desktop heights. Zermatt is available as a one-piece front and side screen or only as a front screen, and can be adapted to desks from 1200-1800 mm

Zermatt long

Zermatt short

CARE INSTRUCTIONS

In order to preserve the color and appearance of the fabric, the fabric should be regularly vacuumed with a soft nozzle.

Stain Removal for Polyester:

- Moisten the stain sparingly with a white clean cotton cloth, lukewarm water and possibly some pH neutral detergent.

Stain Removal for Wool:

- Dot or gently wipe with a damp cloth.

NOTE! The following fabric colors are only a selection. For more colors see zilenzio.se
Color deviation can occur when viewing PDF and print. To see exact fabric colors, please order a sample from us.
