ENJOY THE DIFFERENCE

ENJOY THE DIFFERENCE

For optimum office productivity a well balanced environment is required, were the equipment compliments the user. It is an increasing trend throughout Europe to see open office spaces which require more noise control.

Gotessons´ full range of table & floor dividing screens cover all needs, from noise transmission stoppers to absorption of sound, all with a price tag adapted to the current economical situation.

ScreenIT Standard is a very affordable, thin, light design screen whereas ScreenIT A30 gives the absolute best sound absorption.

The flamboyant design of ScreenIT Breeze demands attention as opposed to the heavy duty Linjé 4Way which is the obvious choice for multiple monitors and a large range of all possible required accessories. ScreenIT Plexi is a sleek and modern shielding of plexiglass.

In other words - Choosing the right screen makes all the difference.

Job satisfaction is contagious.

”FUNCTION AND DESIGN HAND IN HAND”

JOHAN GÖTESSON, MD

FOUNDED IN 1986

Gotessons design, develop, produce and market quality products for the office environment. The product range include accessories such as LCD arms, power boxes, cable handing and dividing screens produced in Sweden mainly for modern offices, smart conference rooms, hotels & public spaces.

We are the leading manufacturers of accessories for office furniture companies and large retailers in Scandinavia. Due to our in-house production and tailor made solutions we have experienced substantial and systematic growth of both partners and sales within Europe and are proud to be preferred partners to some of Europe’s largest brands.

Currently represented in over 35 countries we offer a full range of accessory products, contact our multinational export department for your personalized inventory package.

Emphasis on environmental thinking ...

ISO quality and environmentally regulated ISO 9001:2000 and 14001:2004 Emphasis in production has been placed on environmental thinking, durability and design. The Idea behind the zipper construction that enables the replacement of the fabric coating, is essentially to prolong the life cycle of the product as a whole where recycled products are used and are 100% recyclable again along with being Fireproof classified.

A place of comfort and well-being.

SCREEN IT STANDARD®

ScreenIT Standard is a very competitively priced desktop screen, produced in MDF with a removable/exchangeable laminated fabric coating. Choose over 20 textile colour options to combine with 6 zipper or seam colours to match the interior design scheme such as curtains, carpets, columns, etc.

The screen can be supplemented with a tool-bar rail for hanging up accessories ie. post trays, tarifold-holders, whiteboards, pen holders etc. and has pre-drilled holes for the cable holder Half Pipe.

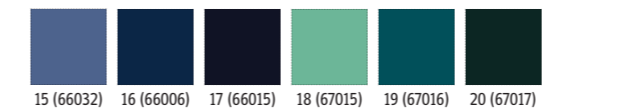

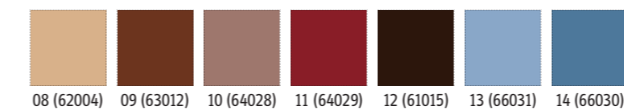

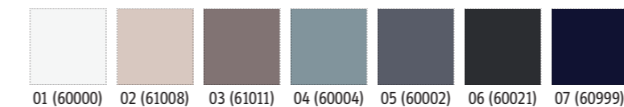

ScreenIT Standard is made of an A class noise transmission classified solid core that stops sound effectively. (tested by SP – Sweden’s technical institution).

For special dimensions and other textile choices contact us.

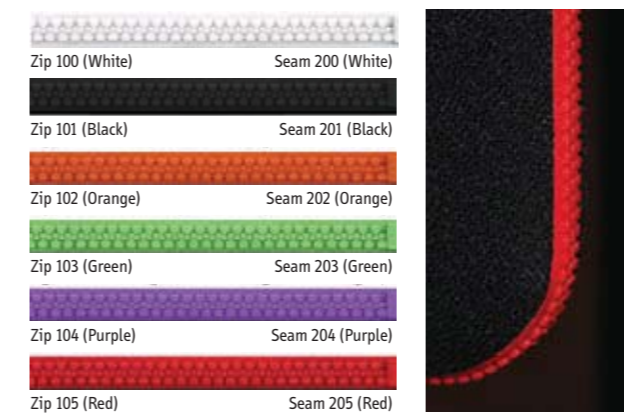

- 100% recyclable • Fireproof classified
- Exchangeable fabrics • Noise absorbing

A place to collect your thoughts.

SCREEN IT BREEZE®

The wind & sea inspired idea behind ScreenIT Breeze was to create a personal, modern, sound absorbing screen that brakes the routine & monotony.

Colour Combine 20 textiles with 6 different Zip finishes to create your own Breeze.

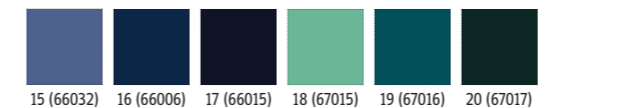

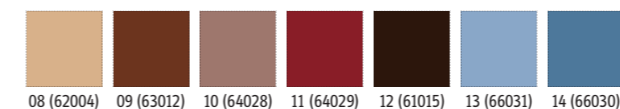

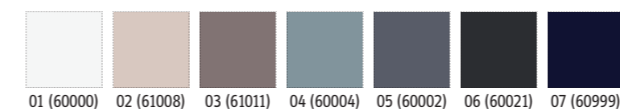

The screen can be complemented with 2 overhead directional LED lamps that provide excellent task lighting.

The Breeze can also be mounted on a floor stand next to seating, reading or waiting areas.

- 100% recyclable • Fireproof classified
- Exchangeable fabrics • Noise absorbing

LINJÉ 4WAY®

The Linjé Toolbar/Toolbar Screen is the most stable on the market, ideal for supporting multiple LCD screens.

The toolbar rail can be installed on it's own or integrated into the screen with over 40 accessories for optimal usability and space saving, i.e. in banks, call centers, security companies & IT centers.

Prolong the toolbar length to specification & add on lateral screens to divide work stations as in bench systems.

SCREEN IT PLEXI®

ScreenIT Plexi is a table screen made of plexiglass which provides an effective shield. The screen is available in transparent, smoked and frosted plexiglass.

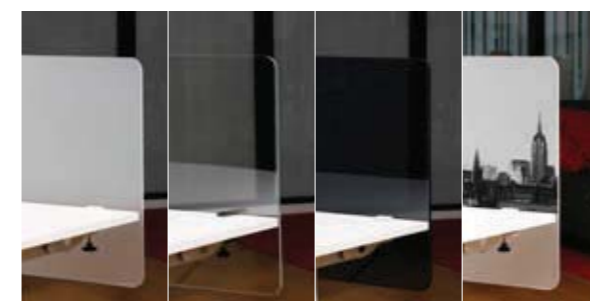

Ask about our screen printing possibilities for extra visual effects!
