

# De Vorm

### **We create interior products by today's standards**

De Vorm is established in a new era. We believe that the beauty of a product lies in the sum of the product's functions. A meaningful product is functional, accessible, environmentally friendly and aesthetically perfectly in balance.

### **We produce by today's standards**

The innovation of our products emerges when smart designs, efficient EU production methods, and eco-friendly materials intersect with the needs of the market.

### **Lookbook**

This Lookbook is a visual exploration that combines and blends differing products from our collection within an imaginative public and working environment.

### **PET Furniture Felt**

All products made of PET Furniture Felt are available in 10 unique colour blends. In this edition of our Lookbook the colour blends Grey, Dark Grey, Marine and Olive are highlighted.
