Founded in 1989 to work with talented designers and with a simple philosophy

Engelbrechts was founded by Morten Engelbrecht in 1989, with a vision to work with talented designers to develop timeless and well designed quality furniture.

We want to create beautiful furniture only when we can add something new, make life easier, or solve a problem in a new and better way.

Danish company

Engelbrechts is a Danish company, situated in the centre of Copenhagen, working with architects on inspiring international projects.

Our Brand Story

Engelbrechts

FURNITURE CREATORS SINCE 1989
DENMARK

We know the most important thing in life aren't things.

Life can be trying, chaotic and careless but always fascinating, unique and full of possibilities. You decide how yours will be lived.

We help you set the scene.

With a passion for perfection, simplicity and versatility, we advance ideals and shape furniture of significance, clearly complementing your life.

With an obsession for personal service and the right use of materials and technologies, we are relentless in our quest for excellence, refusing to compromise on things, so you don't have to.

We have supported originality since 1989, setting the scene across the world from Adidas Headquarters and Audi Forum in Germany to Wiener Hofburg in Austria and Tivoli Congress Center in Denmark.

CHAIRIK
By Erik Magnussen

RETAIL:
Plastic from €166
Melamine from €244

The comfort zone

Erik Magnussen designed CHAIRIK with a backrest shaped to relieve the pressure on the spine, thus making the chair extremely comfortable.

Melamine & veneer

21 layers of veneer, glue paper and your chosen colours are pressed into a strong shell with a thin protective melamine membrane.

A close-up photograph of a chair's seat and legs. The seat is a dark, curved wooden shell. The legs are made of polished metal, likely chrome, and are joined to the seat at a point where the wood is visible. The lighting highlights the smooth finish of the metal and the grain of the wood.

Sublime craftsmanship

To secure the construction that gives CHAIRIK it's strength, the welding is done with the precision of 1/1,000 of a millimeter.

Engelbrechts

FURNITURE CREATORS SINCE 1989

Black or white?

If you are aiming to match CHAIRIK to a specific look for your project, we can lacquer the frames in black or white.

Roughing it

CHAIRIK can also live outdoors.
We simply fit it with a special UV-
treated plastic shell and a
weather resistant frame.
