Trilogy NIVO

Minimalistic and functional design for a new table completely made of metal. Trilogy NIVO is the perfect solution to decorate outdoor environments or public spaces with simple functionality. Trilogy NIVO is available with epoxy powder coating for indoor environments, or with polyester powder coating for outdoor use.

Frame finishes

Trilogy MAXX C

Trilogy Maxx chair combines the simplicity and essentiality of shapes with lightness and practicality. The strong connotation to the chairs of the seventies combined with the “industrial” style that characterizes it makes it suitable for both modern and, at the same time, classic environments. The powder coated frame and laminate plated seat and back makes Maxx C ideal for cafés, bakeries and restaurants but also for domestic contexts.
